IN REPLY PLEASE

REFER TO FILE:

WM-9

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**PARTICIPATION IN AND FUNDING OF RESEARCH STUDIES TO BE CONDUCTED
BY THE SOUTHERN CALIFORNIA STORMWATER MONITORING COALITION
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

This action is to delegate authority to the Chief Engineer of the Los Angeles County Flood Control District or her designee to (1) enter into agreements with the Southern California Stormwater Monitoring Coalition member agencies to conduct stormwater-related scientific studies and (2) approve associated funding in an amount not to exceed \$750,000 for the Southern California Stormwater Monitoring Coalition to conduct stormwater-related scientific studies through the end of the Los Angeles County Flood Control District's current membership period, June 4, 2013.

**IT IS RECOMMENDED THAT YOUR BOARD ACTING AS THE GOVERNING BODY
OF THE LOS ANGELES COUNTY FLOOD CONTROL DISTRICT:**

1. Authorize the Chief Engineer of the Los Angeles County Flood Control District or her designee to enter into agreements with the Southern California Stormwater Monitoring Coalition member agencies to conduct stormwater-related scientific studies through the end of the current membership period, June 4, 2013.
2. Authorize the Chief Engineer of the Los Angeles County Flood Control District or her designee to approve associated funding not to exceed \$750,000 for the Southern California Stormwater Monitoring Coalition to

conduct stormwater-related scientific studies through the end of the current membership period. Authorization for funding will be limited to special studies that are regulatory requirements and/or designed to improve stormwater management techniques or obtain reasonable water quality standards.

3. Find that the execution of agreements by the Chief Engineer of the Los Angeles County Flood Control District or her designee with the Southern California Stormwater Monitoring Coalition and related funding for the stormwater-related scientific studies are statutorily exempt from the California Environmental Quality Act for the reasons stated in this letter and in the record of the project.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to authorize the Los Angeles County Flood Control District (LACFCD) to enter into anticipated agreements with other Southern California Stormwater Monitoring Coalition (SMC) member agencies and approve the associated funding for the SMC to conduct scientific research during the current membership period and also to find that these actions are statutorily exempt from the California Environmental Quality Act (CEQA). On June 4, 2008, your Board approved a no-cost cooperative membership agreement that authorized the LACFCD's continued participation in the SMC stormwater-related scientific research programs for a period of five years ending June 4, 2013. Each member agency, including the LACFCD, has the discretion to endorse or decline its participation in each study with each participating member agency's monetary contribution determined by equally dividing the total cost of each study. The participation of the LACFCD will be limited to special studies that are regulatory requirements and/or designed to improve stormwater management techniques or obtain reasonable water quality standards.

During the previous five-year membership period, the LACFCD contributed approximately \$500,000 toward several stormwater-related research projects conducted by the SMC. These efforts helped the LACFCD and the County of Los Angeles (County) comply with regulatory requirements and improved urban runoff and stormwater management techniques, especially with respect to water quality monitoring. Should the requested authorizations be approved, the unincorporated areas of the County and the LACFCD would benefit from the research to be conducted by the SMC, which is comprised of stormwater management and regulatory agencies in Southern California. Such collaborative efforts in which stormwater management and regulatory agencies in Southern California work together will benefit the County and the LACFCD to attain regulatory compliance and enhance our understanding of stormwater quality

issues as well as our ability to achieve more attainable water quality regulations for the County and the LACFCD.

Formed in 2001, the SMC is a collaboration of stormwater management and regulatory agencies in Southern California with the goal of developing stormwater-related research projects for its region. Participating member agencies in the cooperative agreement, in addition to the LACFCD, include the California Department of Transportation, California Regional Water Quality Control Board (Los Angeles, San Diego, and Santa Ana regions), State Water Resources Control Board, Counties of Orange and San Diego, Riverside County Flood Control and Water Conservation District, Ventura County Watershed Protection District, San Bernardino County Flood Control District, Cities of Long Beach and Los Angeles, and Southern California Coastal Water Research Project.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness (Goal 1). Implementation of the recommended actions will provide the LACFCD with the ability to generate or provide scientific knowledge on stormwater and urban runoff management issues required for decision-making and policy formation.

FISCAL IMPACT/FINANCING

Sufficient funds exist in the Fiscal Year 2008-09 Flood Control District Budget to cover the current year's LACFCD contribution toward SMC projects. Funds for subsequent contracts with the SMC will be budgeted in future fiscal years.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Attached is the cooperative agreement signed between the LACFCD and the other SMC parties. Each agreement between or among the LACFCD and the SMC member agencies will be in a form to be reviewed and approved by County Counsel.

Both the County and the LACFCD have been required to conduct studies to comply with the National Pollutant Discharge Elimination System (NPDES) Permit and various Total Maximum Daily Load monitoring regulations. Some of the future anticipated studies to be conducted by the SMC include the Low-Impact Development Effectiveness Study and the implementation of the Regional Bioassessment Monitoring Program. Further, as the Principal Permittee under the NPDES Permit, the LACFCD's participation in the SMC is mandated.

ENVIRONMENTAL DOCUMENTATION

Approval of the execution of agreements with the SMC and related funding is related to stormwater-related scientific studies to be conducted by the SMC and is, therefore, statutorily exempt from CEQA under Section 15262 of the CEQA Guidelines since the activities involve feasibility or planning studies for possible future actions that will not have a legally binding effect on later activities. Upon your Board's approval of the recommended actions, the Department of Public Works will file a Notice of Exemption with the County Clerk in accordance with Section 15062 of the CEQA Guidelines.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of the recommended actions will have no adverse impact on current County services or projects.

CONCLUSION

Please return three adopted copies of this letter to the Department of Public Works, Watershed Management Division.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'G. Farber', written over a horizontal line.

GAIL FARBER
Director of Public Works

Dear Supervisors:

DEPARTMENT OF PUBLIC WORKS: PARTICIPATE IN THE SOUTHERN CALIFORNIA STORMWATER MONITORING COALITION (ALL SUPERVISORIAL DISTRICTS) (3 VOTES)

SUBJECT

This action is to execute a cooperative agreement to permit the Los Angeles County Flood Control District to continue participation in the Southern California Stormwater Monitoring Coalition and its Research Needs Program for a period of five years.

IT IS RECOMMENDED THAT YOUR BOARD ACTING AS THE GOVERNING BODY OF THE LOS ANGELES COUNTY FLOOD CONTROL DISTRICT:

Execute a cooperative agreement to continue participation in the Southern California Stormwater Monitoring Coalition for a period of five years. There is no cost associated with this agreement.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to continue participation in the Southern California Stormwater Monitoring Coalition (SMC) and its cooperative Stormwater Research Needs Program originally authorized by your Board on October 31, 2000.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs that we provide Organizational Effectiveness (Goal 3) by allowing the Department of Public Works to participate in a collaborative effort to complete needed stormwater quality research.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The SMC is a collaboration of stormwater management and regulatory agencies in Southern California, which was formed in 2001 to develop stormwater-related research projects for the region. Participation in the SMC is a requirement for the Los Angeles County Flood Control District (LACFCD), as the principal permittee, under the 2001 Los Angeles County Municipal Stormwater National Pollutant Discharge Elimination System Permit. The original agreement to form the SMC has expired. The parties to the original agreement desire to continue the work started under the original agreement for an additional five-year period and to expand the number of participants to include the City of Los Angeles, the State Water Resources Control Board, and the California Department of Transportation.

This action will make the LACFCD a party to the cooperative agreement with 13 other agencies, including 7 other National Pollutant Discharge Elimination System Municipal Stormwater Permit holders in Southern California who are required to monitor stormwater. Participating stormwater agencies include: the Counties of Orange and San Diego, Ventura County Watershed Protection District, San Bernardino County Flood Control District, Riverside County Flood Control and Water Conservation District, and the Cities of Long Beach and Los Angeles. Other parties in the cooperative agreement are the State Water Resources Control Board; Regional Water Quality Control Boards of Los Angeles, San Diego, and Santa Ana regions; the California Department of Transportation; and the Southern California Coastal Water Research Project.

Attached is an agreement between the LACFCD and the other parties. The agreement has been reviewed and approved as to form by County Counsel.

The Honorable Board of Supervisors
June 4, 2008
Page 3

ENVIRONMENTAL DOCUMENTATION

In accordance with Section 15378(b)(4) of the California Environmental Quality Act (CEQA) Guidelines, approval of the recommended action does not constitute a project and, hence, is not subject to the requirements of CEQA. Therefore, a finding of environmental impact is not required.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

There is no adverse impact on current County services.

CONCLUSION

Please return three adopted copies of this letter and 30 approved originals of the agreement to the Department of Public Works, Watershed Management Division. Once all parties have executed the agreement, we will send an original of all signature pages to the Executive Office to complete the adopted package.

Respectfully submitted,

WILLIAM T FUJIOKA
Chief Executive Officer

1 COOPERATIVE AGREEMENT FOR PARTICIPATION IN THE SOUTHERN CALIFORNIA STORMWATER
2 MONITORING COALITION

3 THIS AGREEMENT, for purposes of identification numbered D06-049, is made and
4 entered into this 4 day of June, 2008, by and between the County of Orange, the
5 County of Los Angeles, the County of San Diego, the Ventura County Watershed
6 Protection District, the Riverside County Flood Control and Water Conservation
7 District, the San Bernardino County Flood Control District, the City of Long Beach,
8 the City of Los Angeles, the Regional Water Quality Control Board, Los Angeles Region,
9 the Regional Water Quality Control Board, Santa Ana Region, the Regional Water Quality
10 Control Board, San Diego Region, the State Water Resources Control Board (State Water
11 Board), the California Department of Transportation, and the Southern California
12 Coastal Water Research Project (SCCWRP) These entities are hereinafter sometimes
13 jointly referred to as the "PARTIES" and individually as "PARTY" The County of
14 Orange, the County of Los Angeles, the County of San Diego, the Ventura County
15 Watershed Protection District, the Riverside County Flood Control and Water
16 Conservation District, the San Bernardino County Flood Control District, the City of
17 Long Beach and the City of Los Angeles are sometimes jointly referred to as "MUNICIPAL
18 PARTIES"

17 WITNESSETH

18 WHEREAS, Section 402 of the Clean Water Act (33 U.S.C.A. 1342(p)) contains
19 provisions for applications for municipal and industrial stormwater discharge permits;
20 and,

21 WHEREAS, these provisions require the control of pollutants from stormwater
22 discharges by requiring a National Pollutant Discharge Elimination System (NPDES)
23 permit under authority granted by the United States Environmental Protection Agency to
24 allow the lawful discharge of stormwater into waters of the United States; and,

25 WHEREAS, in southern California NPDES stormwater permits have been issued by the
26 Los Angeles, San Diego and Santa Ana Regional Water Quality Control Boards in the
counties of Los Angeles, Orange, Riverside, San Bernardino, San Diego and Ventura

1 naming the counties, cities and flood control/watershed protection districts as co-
2 permittees; and,

3 WHEREAS, certain counties or districts that are PARTIES to this AGREEMENT are
4 acting on behalf of the co-permittees with respect to their countywide NPDES
5 stormwater permit pursuant to local agreements; and,

6 WHEREAS, the City of Long Beach has received an individual NPDES stormwater
7 permit from the Regional Water Quality Control Board, Los Angeles Region; and

8 WHEREAS, the California Department of Transportation has received a statewide
9 NPDES stormwater permit from the State Water Board; and,

10 WHEREAS, all the NPDES stormwater permits issued to the MUNICIPAL PARTIES and
11 the California Department of Transportation have requirements for extensive monitoring
12 and encourage inter-jurisdictional cooperation in monitoring; and,

13 WHEREAS, the State Water Board has established a Surface Water Ambient
14 Monitoring Program to integrate existing water quality monitoring activities of the
15 State Water Board and the Regional Water Quality Control Boards, and to coordinate
16 with other monitoring programs; and,

17 WHEREAS, the mission of SCCWRP, a Joint Powers Authority established in 1969, is
18 to contribute to the scientific understanding of linkages among human activities,
19 natural events and the health of the southern California coastal environment, and
20 whose goal is to develop, participate in and coordinate programs to further this
21 mission; and,

22 WHEREAS, the County of Orange, the County of Los Angeles, the County of San
23 Diego, the Ventura County Watershed Protection District, the Riverside County Flood
24 Control and Water Conservation District, the San Bernardino County Flood Control
25 District, the City of Long Beach, the Regional Water Quality Control Board, Los
26 Angeles Region, the Regional Water Quality Control Board, Santa Ana Region, the
Regional Water Quality Control Board, San Diego Region, and SCCWRP through Agreement
D99-072 identified and prioritized the research needs to begin to develop the
methodologies and assessment tools to understand more effectively urban stormwater and

1 non-stormwater (anthropogenic) impacts on receiving waters and undertook some initial
2 cooperative projects; and,

3 WHEREAS, Agreement D99-072 after five years has expired and many of the
4 scientific and technical tools for stormwater program implementation, assessment and
5 monitoring remain not fully developed; and,

6 WHEREAS, the PARTIES desire to continue the work started under Agreement D99-072
7 for an additional five year period and to expand the number of participants to include
8 the City of Los Angeles, the State Water Board, and the California Department of
9 Transportation; and,

10 WHEREAS, the PARTIES agree that some monies currently directed to NPDES
11 compliance monitoring by the MUNICIPAL PERMITTEES and the California Department of
12 Transportation may be appropriately directed to cooperative efforts to develop these
13 needed scientific and technical tools:

14 NOW, THEREFORE, IT IS AGREED by and between the PARTIES hereto as follows:

15 Section 1 PURPOSE This AGREEMENT is entered into for the purpose of
16 continuing the implementation of the cooperative Stormwater Research Needs Program
17 ("PROGRAM") in southern California that was developed under Agreement D99-072 The key
18 focus of the PROGRAM is to develop scientific and technical tools for stormwater
19 program implementation, assessment and monitoring that are currently not fully
20 developed and, as a result, impede effective stormwater management. Separate,
21 subsequent research implementation agreements ("SUBSEQUENT RESEARCH IMPLEMENTATION
22 AGREEMENTS") will be entered into to fund recommended cooperative research/monitoring
23 projects

24 Section 2 TERM The term of this AGREEMENT shall commence upon approval and
25 execution of this document by the last signatory to this AGREEMENT and shall continue
26 for a period of five (5) years from that date

Section 3. STORMWATER MONITORING COALITION The Program shall be overseen by the
southern California Stormwater Monitoring Coalition ("SMC") Steering Committee Each
PARTY shall appoint a member and an alternate to the SMC Steering Committee. The
members shall elect a chair to serve a one-year term The SMC Steering Committee shall

1 meet from time to time upon the request of the chair, but at least every six months
 2 The SMC Steering Committee shall be responsible for the preparation and oversight of
 3 SUBSEQUENT RESEARCH IMPLEMENTATION AGREEMENTS to fund recommended research studies
 4 The SMC Steering Committee shall prepare an annual report for the PARTIES by October 1
 5 of each year, describing the progress made in the prior year ending June 30

6 Section 4 SUBSEQUENT RESEARCH IMPLEMENTATION AGREEMENTS Implementation of the
 7 PROGRAM shall be accomplished through SUBSEQUENT RESEARCH IMPLEMENTATION AGREEMENTS,
 8 which shall be prepared by the SMC Steering Committee These agreements shall
 9 designate a lead agency and shall identify funding sources sufficient to complete the
 10 research study The PARTIES to this AGREEMENT as well as other parties not signatory
 11 to this AGREEMENT may, by written agreement, become parties to these SUBSEQUENT
 12 RESEARCH IMPLEMENTATION AGREEMENTS Parties to these SUBSEQUENT RESEARCH
 13 IMPLEMENTATION AGREEMENTS may provide funding or other in-kind resources Each of
 14 these SUBSEQUENT RESEARCH IMPLEMENTATION AGREEMENTS will be submitted for approval to
 15 the appropriate governing board and/or official with authority to enter into contracts
 16 and are not binding on the parties to that agreement until so approved

17 Section 5 GRANTS All PARTIES, excepting the State Water Board and the Regional
 18 Water Quality Control Boards, shall use their best efforts to obtain grants to
 19 supplement the funding for the SUBSEQUENT RESEARCH IMPLEMENTATION AGREEMENTS

20 Section 6 ADDITIONAL PARTIES It is recognized that there may be other parties
 21 who wish to participate in and provide funding for the PROGRAM Nothing in this
 22 AGREEMENT is intended to preclude additional participants being added by written
 23 amendment as parties to this AGREEMENT pursuant to Section 8

24 Section 7 REGULATORY RESPONSIBILITIES AND OBLIGATIONS It is mutually
 25 understood and agreed that, merely by entering into this AGREEMENT, the regulatory
 26 responsibilities and obligations of each PARTY are in no manner modified Any such
 responsibilities and obligations remain the same, while this AGREEMENT is in force, as
 they were before this AGREEMENT was made

1 Section 8 AMENDMENT This AGREEMENT may be amended upon the written approval of
2 all of the PARTIES

3 Section 9 LIABILITY It is mutually understood and agreed that, merely by
4 virtue of entering into this AGREEMENT, each PARTY neither relinquishes liability for
5 its own action nor assumes liability for the actions of other PARTIES It is the
6 intent of the PARTIES that liability of each PARTY shall remain the same, while this
7 AGREEMENT is in force, as it was before this AGREEMENT was made Liability provisions
8 in SUBSEQUENT RESEARCH IMPLEMENTATION AGREEMENTS shall be addressed separately in each
9 such agreement

10 Section 10 TERMINATION Any PARTY wishing to terminate its participation in
11 this AGREEMENT shall provide ninety (90) days written notice to all the other PARTIES
12 of its intent to withdraw Such termination shall be effective ninety (90) days after
13 the notice is received or deemed received ("EFFECTIVE DATE OF TERMINATION")
14 The remaining PARTIES may continue in the performance of the terms and conditions of
15 this AGREEMENT or may elect to terminate this AGREEMENT

16 Section 11. NO THIRD PARTY BENEFICIARIES Nothing expressed or mentioned in this
17 AGREEMENT is intended or shall be construed to give any person, other than the PARTIES
18 hereto, and any permitted successors, any legal or equitable right, remedy or claim
19 under or in respect of this AGREEMENT or any provisions herein contained This
20 AGREEMENT and any conditions and provisions hereof is intended to be and is for the
21 sole and exclusive benefit of the PARTIES hereto and the others mentioned above, and
22 for the benefit of no other person

23 Section 12. REFERENCE TO CALENDAR DAYS Any reference to the word "day" or
24 "days" herein shall mean calendar day or calendar days, respectively, unless otherwise
25 expressly provided

26 Section 13 ENTIRE AGREEMENT This AGREEMENT is intended by the PARTIES as a
final expression of their agreement and intended to be a complete and exclusive
statement of the agreement and understanding of the PARTIES hereto in respect of the

subject matter contained herein There are no restrictions, promises, warranties or undertakings, other than those set forth or referred to herein This AGREEMENT supersedes all prior agreements and understandings between the PARTIES with respect to such matter

Section 14 SEVERABILITY If any part of this AGREEMENT is held, determined or adjudicated to be illegal, void, or unenforceable by a court of competent jurisdiction, the remainder of this AGREEMENT shall be given effect to the fullest extent reasonably possible

Section 15 SUCCESSORS AND ASSIGNS The terms and provisions of this AGREEMENT shall be binding upon and inure to the benefit of the PARTIES hereto and their successors and assigns

Section 17 NOTICES All notices required or desired to be given under this AGREEMENT shall be in writing and (a) delivered personally, or (b) sent by certified mail, return receipt requested or (c) sent by telefacsimile communication followed by a mailed copy, to the addresses specified below, provided each PARTY may change the address for notices by giving the other PARTIES at least ten (10) days written notice of the new address Notices shall be deemed received when actually received in the office of the addressee or when delivery is refused, as shown on the receipt of the U S Postal service, or other person making the delivery, except that notices sent by telefacsimile communication shall be deemed received on the first business day following delivery
